

Amazon #1 best-selling author **Elaine Cougler** is the creator of six historical fiction and creative non-fiction books. The most recent book, *My Story, My Song* tells the fascinating tale of the eldest daughter of a family of thirteen children, nine boys and 4 girls, growing up in the fifties and sixties in rural Ontario.

The memoir shows a close and caring community in the midst of a burgeoning post-war economy, and the changing world that provided them all so much opportunity. These changes, however, wrought challenges for everyone.

Testimonials

“Having read and much enjoyed Elaine Cougler’s Loyalist series and the Terry Fox/Ron Calhoun account, I was naturally very keen on reading her new book *My Story, My Song* and was not disappointed.

Elaine brings the times of 1950s and ‘60s Canada wonderfully to life; I was completely enthralled. For those of us who lived in those times, the book is a nostalgic rendezvous—a peaceful life in small communities and big families, safe and secure. For the younger generation it must sound like Utopia.

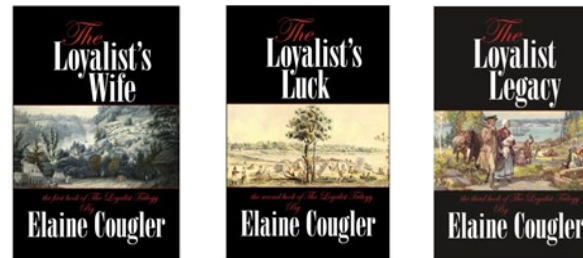

Delve into this book, let yourself be transported back to those times and look back with awe and interest. Enjoy the journey—you will be glad for it!

The photographs are an extra touch, enhancing the joy of reading.”

“Following Elaine’s author journey for a decade now online, I’ve also watched as she shared her very apparent love for her family. Reading here about the first twenty years of her life has shown me her family has always been that way - full of love and promise. I can see now how energetic, funny, friendly, woman-of-many talents Elaine came to be such! I also enjoyed the family recipes!”
